

## THE PLAN

Greetings to you in the Name of all names,

The pinnacle feature that distinguishes the Bible from all books of antiquity is its prophecies about the future. This sacred masterpiece was written over a period of about 1,400 years, covering over 4,000 years of human history. There are 1,239 prophecies found in the Hebrew Scriptures (the Old Testament) and 578 prophecies in the Renewed Covenant (the New Testament), for a total of 1,817, which comprise 8,352 verses.

The Renewed Covenant, written hundreds of years before Yeshua's (Jesus) birth, contains over 300 prophecies that Yeshua fulfilled through His life, death, and resurrection. Mathematically speaking, the odds of anyone fulfilling this amount of prophecy are staggering. Mathematicians put it this way:

1 person fulfilling 8 prophecies: 1 in 100,000,000,000,000,000  
1 person fulfilling 48 prophecies: 1 chance in 10 to the 157th power  
1 person fulfilling 300+ prophecies: Only Yeshua did this!

It is the fulfillment of these prophecies that mark the Scriptures as the inspired Word of YHWH. Only Eloah (God) could foreknow and accomplish all that was written about the Mashiach and Yisra'el. This historical accuracy and reliability set the Scriptures apart from any other book or record. The Word of YHWH's prophetic aspect proves to us we can absolutely trust Eloah's word about the future; thus, we adequately plan and prepare for it.

One particular New Testament prophecy concerns the posterity of mankind that if we fail to understand it and not plan and prepare, there will be no future generations of humanity. The prophecy about the last ot (or the last sign) commonly called the Sign of Jonah (Yonah) in Mattityahu (Matthew) 12:38-42. A prediction about the end of the Age, the end of civilization, and the end of all living things. This prophecy does not predict the end of the world because elsewhere in the Bible; it tells us the Earth abides forever. *"One generation passes away, and another generation comes: but the Earth abides forever"* Koheleth (Ecclesiastes) 1:4. See Tehillim (Psalm) 78:69.

A well-known Christian prophecy teacher in a popular book listed ten signs from the Christian gospels validating that we are the generation of the end. In the Essene Humane Gospel of Christ (HGC) and the Gospel of the Holy Twelve (GHT), an unauthorized version of the Gospels, Yeshua listed 24 signs of which will characterize the generation of the end, twice as many signs compared to the traditional Gospels. Here is a summary of these signs:

1. The sign of False Messiahs.
2. The sign of Vain Emptiness.
3. The sign of Unseen Things.
4. The sign of World Conflicts.
5. The sign of Natural Disasters.
6. The sign of the Money Elite.
7. The sign of Great Usury.
8. The sign of the Slaughter House.
9. The sign of the Chosen Elect.

10. The sign of the Strange Saviour.
11. The sign of Worldwide Miracles.
12. The sign of Torah Perversion.
13. The sign of the Great Offence.
14. The sign of Cold Love.
15. The sign of Malchut Restoration.
16. The sign of restored Animal Sacrifices.
17. The sign of the Great Blasphemy.
18. The sign of False Gospels.
19. The sign of the Fleecing Sheppard.
20. The sign of False Hope.
21. The sign of Miracle Workers.
22. The sign of Gross Perversion.
23. The sign of Sunday Worship.
24. The Sign of Jonah.

Space here does not allow me to explain in detail the meaning of these signs, an explanation of the signs is in our book the Breach Maker Series 700 that is available from Amazon.

Over the past 200 years, twenty-three of the above signs have been in an elongated process of being fulfilled, and these signs will be completed before the end of the next decade. The very last, the Sign of Jonah (the last ot), has not been fulfilled and is the subject of this letter. Please pay close attention; the posterity of mankind depends on our understanding of this sign.

The 24<sup>th</sup> sign and final sign Yeshua spoke of that will characterize the time of the end is the sign of Jonah (Yonah). It is explained in greater detail in this unauthorized version of the Gospel.

*“And then one of Jesus' disciples said unto him, “Master of the Harvest, please tell us what shall be the sign that we may know for certainty of thy coming?” “And as for the sign that thou ask of, I say unto ye, this: there shall be no sign given unto my disciples but the sign of Jonah.” And one of the disciples said unto Jesus: “Tell us: please, of this sign of Jonah, and how shall we know it?” And Jesus said unto them again, “I say once more unto ye, there shall be no sign given, but the sign of Jonah. **Know ye Jonah, and ye shall know my sign, for Jonah be in the stomach of the great fish; so I shall be in the greater fish, and again I say unto ye, as the fish was in the great sea, so shall I be in the greater sea, for in that age to come I shall be in the fish even as Jonah.** Let all those who hath eyes, see and all those who hath ears, hear, that I giveth unto ye only the sign of the great fish that ye may know when I cometh again unto ye” HGC.*

Many who have read the Christian gospel narratives are aware of the sign of Yonah only in relation to the death and resurrection of Yeshua; few, however, know that it is “the final sign” of the end days. In *The Humane Gospel of Christ*, this sign is given by Yeshua as the last ot (sign) before the close of the Age. The generation that witnesses this sign will witness the Day of YHWH and see the return of the Messiah, which is why it is critical that we understand what this sign means because Yeshua did not give His disciples the meaning of the sign. To understand the interpretation and significance of this sign, it would be necessary to look at the background of how Yeshua and His Talmidim (Disciples) came to discuss the question and why it was not answered in the Christian narratives. This will then provide a foundation to interpret the sign.

Yeshua had come to the final days of His ministry, and He had spoken a great many things to His followers about what was going to happen in their immediate future to prepare them for what was to come, He told them that they would be persecuted for His name's sake, that they would be brought before judges and killed for their testimony. Many frightening signs will appear in the heavens, in the

moon, and on Earth. Many false prophets will rise up and deceive many and so forth. A warning that was also for anyone who believed and followed Him.

However, one lone question remained unanswered for them that was at the forefront of their inquiry. The main thing they wanted to know. *“And as He sat upon the Mount of Olives, the talmidim (disciples) came to Him privately, saying, Tell us, when shall these things be? And what shall be the sign (ot) of Your coming, and of the end of this age?”* Mattityahu (Matthew) 24:3.

The Besorah of Mattityahu (the Gospel of Mathew) tells us that in a private session with His talmidim Yeshua went on to answer their question as was His custom. His talmidim specifically wanted to know “THE SIGN” of His coming and the end of the Age. In other words, they asked Him to give them a single definitive sign – the last ot so that they could prepare themselves when the sign appeared. However, something vastly different transpires in the Christian Gospel narratives. A careful study of the end time discourses of Yeshua in Mattityahu (Mathew) 24, Marques (Mark) 13, and Luka (Luke) 13 shows that He did not answer their question. Instead, the Christian Gospel narratives go on to give many signs for His coming and the end of the Age.

A question begs to be asked here. Is it because Yeshua did not understand their question, or is there something that we have missed in the narratives? Perhaps there was a cover-up in antiquity? Could this be the best-kept secret of the last two thousand years? The truth of the matter is Yeshua did answer their question, but YHWH kept the interpretation of the sign hidden for almost two millennia because it only applies to the generation of the end. It would be this generation that would fulfill everything that the prophets had spoken of and the very prophecies Yeshua had spoken. This generation was to be different from all other previous ages because they would see Yom YHWH - the Day of YHWH. Before I go onto explain the sign, let me briefly say something about Yom YHWH (the Day of YHWH).

In the Christian Scriptures, this judgment is called the Day of Adonai. It is seen in Christianity as the day in which Yeshua returns and sets up the Kingdom. It is called elsewhere in the Renewed Covenant as, “the day of the Messiah” (Phylipsiyah (Philippians) 1:10), “the day of the Coming of the Son of Man” (Mattityahu (Matthew) 24:27) and “the Coming of the Righteous (Tzadik) One” (Maaseh Shlichim (Acts) 7:52).

In the Hebrew perspective, Yom YHWH is a day of wrath and vengeance. The navi Yeshayahu (the prophet Isaiah) calls it a “day of the visitation of punishment” (Yeshayahu (Isaiah) 10:3). The prophet Yechezkel refers to it as the day “of the anger of YHWH” (Yechezkel (Ezekiel) 7:19). The overwhelming perception in the Hebrew Scriptures of this Day is dark and foreboding.

The navi Yechezkel (Ezekiel) warns that silver and gold, a metaphor for millions and billions shall not deliver on this day; *“They shall cast their silver in the streets, and their gold shall be removed: their silver and **their gold shall not be able to deliver them in the day of the anger of YHWH**: they shall not satisfy their beings, neither fill their stomachs: because it is the stumbling block of their iniquity”* Yechezkel (Ezekiel) 7:19.

It will be the day in which all mankind from the richest to the poorest will be judged in one day; *“For Yom YHWH tzevaoth shall be upon everyone that is proud and lofty, and upon everyone that is lifted up; and he shall be brought low.”* Yeshayahu (Isaiah) 2:12. The Christians believe that through the rapture - the coming of the Messiah where they would meet Him in the air and be taken to heaven, they will be spared from this Day. The Jews believe that a remnant will survive this Day. However, what does Yonah’s sign tell us?

The Disciples were all too familiar with the prophecies concerning this Day. Therefore, they pressed Him to explain in detail how they might know this Day and plan and prepare for it. The truth is it was impossible for them to understand, let alone the timing because how do you explain the complicated technology that is needed to survive this Day to a group of fishermen with only 1<sup>st</sup> Century technology. So He did what any good teacher would have done. He gave them a child's picture so they could understand at least something about it. He explained it in terms of Yonah's and the great fish experience - a child's story.

To us reading Yeshua's prophecy in the 21st Century, the explanation of a great fish in a vast ocean is ridiculous, bordering on stupidity, and that is because its meaning was kept secret (under guard) for this generation. To unveil the meaning of the sign, it is necessary we understand how the final judgment of the world (Yom YHWH) is set to be accomplished. The Scripture is not ambivalent about how this Age will end. It tells us plainly, Note: the essential parts of the passages are bolded, and the revealing words underlined.

*"1 See, YHWH makes the Earth empty, and makes it a ruin, and turns it upside down, and scatters abroad its inhabitants. 2 And it shall be, as with the people, so with the Kohen (Priest); as with the eved (servant), so with his master; as with the female eved (servant), so with her mistress; as with the buyer, so with the seller; as with the lender, so with the borrower; as with the taker of interest so with the giver of interest to him. 3 **The Earth shall be utterly emptied and utterly plundered: for YHWH has spoken this word. 4 The Earth mourns and fades away, the olam (Earth) languishes and fades away, and the proud people of the Earth lose lev (heart). 5 The Earth also is defiled under its inhabitants, because they have transgressed the Torot (Laws), changed the chukim (statutes), and broken the everlasting brit (covenant). 6 **Therefore has the curse, devoured the Earth, and they that live in it are ruined: therefore the inhabitants of the Earth are burned, and few men left"** Yeshayahu (Isaiah) 24:1-6.***

***"19 The Earth is utterly broken down, the Earth is utterly removed, and the Earth is moved exceedingly. 20 The Earth shall reel to and fro like a drunkard, and shall be removed like a little hut; and the transgression of it shall be heavy upon it; and it shall fall, and not rise again. 21 And it shall come to pass in that day, that YHWH shall punish the army of the high ones that are on high, and the Melechim (kings) of the Earth upon the Earth. 22 And they shall be gathered together, as prisoners are gathered in the pit, and shall be shut up in the prison, and after many days shall they be visited with mishpat (judgment). 23 Then the moon shall blush, and the sun shall be ashamed, when YHWH tzevaoth (YHWH of host) shall reign in Har Tzion, and in Yahrushalayim, before His esteemed zechanim (elders)"** Yeshayahu (Isaiah) 24:19-23.*

***"4 And all the host of the shamayim shall be dissolved, and the shamayim shall be rolled together as a scroll: and all their host shall fall down, as the leaf falls off from the vine, and as a falling fig from the fig eytz (tree). 5 For My sword shall be sharpened in the shamayim: see, it shall come down upon the Edomites, and upon the people of My curse, condemned in mishpat (judgment). 6 The sword of YHWH is filled with dahm (blood), it shall overflow with fatness, and with the dahm (blood) of lambs and goats, with the fat of the kidneys of rams: for YHWH has a sacrifice in Bozrah, and a great slaughter in the land of Edom. 7 And the wild ox shall come down with them, and the young bulls with the bulls; and their land shall be soaked with dahm (blood), and their dust made fat with fatness. 8 For it is the Yom of YHWH's vengeance, and the year of paybacks for the controversy of Tzion. 9 **And its streams shall be turned into tar, and its dust into brimstone, and its land shall become burning tar. 10 It shall not be quenched night nor day; the smoke of it shall go up le-olam-va-ed (forever): from generation to generation it shall lie in ruin; none shall pass through it le-olam-va-ed (forever)"** Yeshayahu (Isaiah) 34:4-10.***

*“18 The children gather wood, and the ahvot (fathers) kindle the fire, and the women knead their dough, to make cakes to the Malka (queen) of the shamayim (heaven), and to pour out drink offerings to other elohim, that they may provoke Me to anger. 19 Do they provoke Me to anger? Says YHWH: Do they not provoke themselves to the shame and confusion of their own faces? 20 **Therefore this says the Master YHWH; See, My anger and My wrath shall be poured out upon this place, upon man, and upon beast, and upon the eytzim (trees) of the field, and upon the fruit of the ground; and it shall burn, and shall not be quenched**”* Yirmeyahu (Jeremiah) 7:18-20.

*“When I shall seize the moed (feast) I will judge uprightly. 3 **The Earth and all the inhabitants of it are dissolved: I set up the pillars of it. Selah**”* Tehillim (Psalm) 75:2-3.

*“5 **And the Master YHWH tzevaoth (YHWH Hosts) is He that touches the land, and it shall melt, and all that dwell in it shall mourn: and it shall rise up like a massive flood; and it shall be drowned, as by the flood of Mitzrayim**”* Ahmos (Amos) 9:5.

*“2 I will utterly consume all things from eretz Yisrael (land of Israel), says YHWH. 3 **I will consume man and beast; I will consume the fowls of the shamayim, and the fishes of the sea, and the stumbling-blocks with the wicked; and I will cut off man from off eretz Yisrael (land of Israel), says YHWH.** 4 I will also stretch out My hand upon Yahudah, and upon all the inhabitants of Yahrushalayim; and I will cut off the remnant of Ba'al from this place, and the name of the leading Kohanim (Priests) of idolatry with the Kohanim (Priests);”* Tzephanyah (Zephaniah) 1:2-4.

*“8 Therefore wait upon Me, says YHWH, until the day that I rise up to the plunder: for My determination is to gather the nations, that I may assemble all malchutim (kings), to pour upon them My indignation, even all My fierce anger: **for all the Earth shall be devoured with the fire of My jealousy.** 9 For then will I return to the people a pure clean language, that they may all call upon the Name of YHWH, to serve Him with one consent. 10 From beyond the rivers of Ethiopia My worshippers, even the daughter of My dispersed, shall bring My offering”* Tzephanyah (Zephaniah) 3:8-10.

*“For, see, the day comes, that **shall burn as an oven; and all the proud, yes, and all that do wickedly, shall be stubble: and the day that comes shall burn them up, says YHWH tzevaoth (YHWH hosts), that it shall leave them neither root nor branch**”* Malachi 4:1.

*“**Seeing then that all these things shall be dissolved,** what manner of persons should you be in all kadosh conduct and Shabbat-guarding piety, 12 **Looking for and earnestly desiring the coming of the Yom YHWH, in which the shamayim (heaven) being on fire shall be dissolved, and the elements shall melt with fervent heat!**”* Kepha Bet (Second Peter) 3:11-12.

*“1 **And I saw a renewed shamayim and a renewed olam (Earth): for the first shamayim and the first olam (Earth) had passed away, and there was no more sea.** 2 And I Yochanan saw the kadosh city, the renewed Yahrushalayim, coming down from YHWH out of the shamayim, prepared as a bride adorned for her husband. 3 And I heard a great voice out of the shamayim saying, See, the Mishkan (Tabernacle) of YHWH is with men, and He will dwell with them, and they shall be His people and YHWH Himself shall be with them, and be their Elohim”* Gilyahna (Revelation) 21:1-3.

The accumulated conclusion of this Day is concise and precise; it is a Day of utter and total destruction; the surface of the Earth will be burned in a furnace that will melt the elements, and the intense heat will turn sand into brimstone. Every tree, animal, fish, and bird will be incinerated - no living thing shall remain. In some parts of the globe, there will be nuclear-type explosions rolling back the sky like a scroll from massive volcanic eruptions, which will happen before the core cools. As a result, massive earthquakes will level every city and building. Underground caves and bunkers will collapse and flood with water. Steel vessels and structures will melt, and concrete will turn into dust from the fervent

heat. Most of the ocean will be vaporized with the exception of the trenches. Nothing that has happened in the past can be compared to this Day. It is the end!

Now, what can cause such horrific and devastating destruction? Scientists already know. I quote from an article;

“Scientists have known for some time that **the magnetic field is, in fact, collapsing**, at a rate faster than it would if flows of molten iron in the core had stopped completely.... The decline, as measured by magnetometers on Earth's surface, is 10 percent in the last 150 years. “We're seeing it's actually decreasing at a fairly impressive rate,” said Dr. John A. Tarduno, a professor of geophysics at the University of Rochester.... At the current rate of decline, the field would disappear in 1,500 to 2,000 years. That is much faster than if the iron flows had somehow completely stopped because then the electric currents generating the field would still persist for 15,000 additional years. This has led scientists to conclude that the changes in iron flow have produced kinks in the magnetic field that are weakening it.” <https://www.nytimes.com/2003/12/12/us/magnetic-field-is-fading-but-no-dire-effects-are-foreseen.html>

The Earth's core is cooling slowly! Right now, the Earth's core is not entirely molten. The inner core is a sphere of solid iron, while the outer core is made of molten iron thousands of kilometers thick. Scientists think that when it happens, Earth might be like Mars, with a very thin atmosphere and no more volcanoes or earthquakes. Then it would be very difficult for life to survive. They calm the public by saying that it won't be a problem for several billions of years. They are wrong!

Scientists are downplaying the problem by calling the situation “a polar reversal” so as not to cause unnecessary public panic. Conall Mac Niocaill, an Earth scientist at Oxford University, said, “Magnetic north has migrated more than 1,500 kilometers over the past century. In the past 150 years, the strength of the magnetic field has lessened by 10 percent, which could indicate a reversal is in the cards.”

The truth is when the molten outer core cools and becomes solid, a short time in the future, the Earth's magnetic field will disappear for some time. The consequences of this are nothing short of what the above passages of Scripture describe. Earthquakes, and fire are beyond anything we can imagine. Some scientist thinks the problem has something to do with the moon slowly moving away from the Earth. Should an asteroid strike the moon, the effect will be immediate.

The magnetic field is like a magnet that acts at a distance, and even though we cannot see it with our eyes, it does lots of important jobs on our planet. The Earth's magnetic field protects life on the Earth's surface from harmful particles coming from the sun. It also keeps the planet's atmosphere in place and helps animals and birds to find their way around, among many other vital life-giving functions. Without a magnetic field, it will be like living in an oven and microwave simultaneously.

Even if we dug deep into the Earth, we would not survive because as the Earth's inner core cools underground, temperatures will drop down to below arctic levels freezing everything instantly. Further, the movement from the Earth's plates collapsing will cause colossal earthquakes that will crush everything, and microwaves from the Sun will penetrate deep into the ground. Some bunkers may survive the earthquakes, but their inhabitants will not for long. There are passages in the Scriptures that indicate that caves will not save humanity (Yeshayahu (Isaiah) 24:22; Luka (Luke) 23:30, and Gilyahna (Revelation) 16:6). The judgment of Eloah will be inescapable and irreversible; however, there is good news!

I return to the Sign of Yonah (Jonah). But here is something you should know. All Scripture can be interpreted on four Hebraic levels as the rabbis have known for thousands of years – the Peshat,

Remez, Drash, and the Sod. The Peshat means the plain or contextual meaning of the text. Remez is the allegorical meaning. Drash includes the metaphorical meaning, and Sod represents the hidden meaning. There is often an overlap between each level. What I am concerned with here is the Sod level, the hidden meaning of the Sign of Jonah, which Yeshua could not release at the time of the prophecy because the technology was far into the future, some 2,000 years away. Yeshua knew in the Spirit the technology required.

Let us exegesis the prophecy now. ***“Know ye Jonah, and ye shall know my sign, for Jonah be in the stomach of the great fish; so I shall be in the greater fish, and again I say unto ye, as the fish was in the great sea, so shall I be in the greater sea, for in that age to come I shall be in the fish even as Jonah”*** Humane Gospel of Christ.

***“For as Yonah was three days and three nights in the fish’s belly; so shall the Ben Ahdahm (son of man) be three days and three nights in the lev (heart) of the Earth”*** Mattityahu (Matthew) 12:40.

The picture given here is of a GREATER FISH in the GREATER SEA, and the MESSIAH is in the greater fish for THREE NIGHTS and THREE DAYS. I shall interpret the meaning of the terms that I have capitalized then combine it to decode the message of the sign as YHWH gave it to me.

The Greater Fish is an underwater craft, a unique submarine capable of operating at extreme deeps. The phrase Greater indicates that this ship is extraordinarily large. A craft capable of carrying people, animals, and all living things and supplies similar to that of Noah’s boat but much bigger. I have called it the Sub Ark.

The Greater Sea is the largest ocean in the world- the Pacific Ocean. Covering approximately 63 million square miles and containing more than half of the free water on Earth, the Pacific is by far the largest of the world's ocean basins. The deepest point of this ocean is the Mariana Trench. It is 11,034 meters (36,201 feet) deep, which is almost 7 miles. The second deepest is the Tongan trench.

The Yonah is the Messiah who will be incarnate at the time period. He will be present at the launch of the Sub Ark but not necessarily during the design and construction of the ship, which could take decades. The Messiah will personally captain the vessel and lead the mission in the period outlined in the prophecy. His involvement is crucial in the period after the Sub Arks are constructed. The Messiah will lead humanity into the Great Sabbath.

The Three Nights and Three Days is six years. Three nights means three bad years of catastrophe (judgment), and three days means three good years of recovery. The component parts of a bad and good season in prophecy are analogous to how Joseph interpreted Mitzrayim’s (Egypt’s) judgment in Beresheeth (Genesis) 41:29-30 – seven good years and seven bad years. If the passage had stated three days and no nights, then it would be 3,000 years, according to Kepha Bet (Second Peter) 3:8, but this is not the case here.

**Alas! Yeshua is saying that the generation that sees the construction and the launch of the Sub Arks will be the end-time generation that will go through Yom YHWH. In other words, they will see the fulfillment of the events outlined in the passages quoted earlier, which shall start when the Earth’s magnetic field collapses.**

Now you can understand why Yeshua could not explain the meaning of the prophecy to His talmidim (disciples). They simply would not be able to comprehend the situation and technology involved. If He had explained it to them in the science of the 21<sup>st</sup> century and the funding involved, it would only discourage them and cause them to doubt the prophecy. In fact, they would have laughed at Him, and possibly the early Church would have edited this part out of the Gospels as they did with many other

passages they did not agree with. See our Book the Flaws of the New King James published by No Mans Zone, which restores many of the edited passages.

But why a submarine? Why not space? The depths of the ocean are the only place we will be able to survive the downing of the Earth's magnetic core that will produce temperature and radiation that will incinerate the Earth and cause catastrophic earthquakes, volcanic eruptions, and tsunamis. Water scientists know actually reduces substantially the effects and penetration of radiation.

According to the timing of the prophecy, the inner core will cool down for three years, and then it will slowly recover over the following three years as Nature corrects what man has done. After six years, the Earth will be inhabitable and thoroughly cleaned and cleared of the remains of the previous civilization, just as Noah flood removed all traces of the earlier civilizations. Nothing will remain! This is the truth!

The noticeable difference is that most of the world's Oceans have evaporated into space, forming a canopy of water that will surround the Earth. Inhabitable land will stretch from one corner of the Earth to the next so that one could literally walk across the globe. Eloah is going to repeat the situation of how the Earth was before Noah's flood when there was a canopy of water enveloping the planet. There are several Creations Scientists who have written papers on this past condition of the Earth that is available on the internet.

Several things will happen as a result of the water being returned to its original location; human life will be extended to the days of Adam and Eve, the whole Earth will become a garden - a paradise with only the species we decide to introduce back into the environment. Can you imagine the condition of no more flies, mosquitos and fleas, and other creepy things? Everything will grow at exponential rates and will be much larger. For example, it will take two men to carry a bunch of grapes and tractor to lift a pumpkin. Trees will grow to 5 times their average height. Gradually over the decades man and all living things will also increase in size. It will be a New World with amazing possibilities.

There will be no pestilences, diseases, sicknesses, and germs that harm us in the New World. The land will be abundant that a population of 50 billion will inhabit only a quarter of the landmass available. There will be room for growth and expansions for tens of thousands of years, and land ownership and speculation will not exist in the New World, for we are all stewards and one people - there will be one universal language and one nation. Happily, there will be no more wars, no more fighting, no more violence, no more industry to pollute, no more suffering from our silly mistakes, and our greed. Gold, precious metals, diamonds, and gems will be abundant, as is plastic in our generation.

Men will center their thoughts and efforts on harvesting the planets around us - mining the planets and not space colonization will be our next frontier. It will become possible to travel the Galaxies in Earth time. By the way, the reason why we cannot survive Yom YHWH in space is because of the cost, the resources needed, and the time frame to accomplish the task. There is no way we can transport the contents that one Sub Arks will hold into space to survive what is coming. The space conditions itself will also kill everything. This idea is just not practical and feasible. Never the less some space mavericks will send people into space.

To survive what is coming, we must construct a vessel capable of descending to the deepest part of the Pacific Ocean, the Mariana Trench, and remain at the bottom for 6 years. The ship must be of a size capable of carrying all the species of trees and plants and animals, birds, and fishes – all living things. The ship must also take the equipment, machinery, factories, housing, transport, technology, inventions, and knowledge to restart mankind. We will not transport into the New World the decay, the debauchery, and the debasement of mankind. All of that evil will disappear in the judgment fire, and no future generation will ever remember it or need it.

The Sub Ark will be the biggest ship ever constructed by mankind and is made of a special hardened mix of concrete that will withstand the pressure, the heat, and the radiation. The outside skin of the ship will reflect what radiation and heat that will penetrate to the bottom of the trench. The wall of the ship is over a meter thick, containing strong and light reinforcement materials. The technology is new and will not be patented. In a nutshell, the Sub Arks will comfortably descend to the deepest part of the Mariana Trench and remain there cushioned from the rocking motion of the Earth and cooled and shielded from the devastating activities of the surface. The people of the Sub Ark will dwell in safety and comfort.

There is more than one Sub Ark required to carry the posterity of mankind – the plan calls for the construction of twelve Sub Arks. Two of each kind so that if one should fail, one will take its place. The budget of the entire project is set at 285 billion USD, but it could be more depending on when we start. Please see the Excel spreadsheet. This includes the content of the ships and the shipyard and port that is required. The ships will be constructed at a special shipyard that is specifically designed to build the Sub Arks. The yard will be directly adjacent to the port and will be located at the New Yerushalem in Iran. See the second phase of the prophecy.

It has been ten years now since the plan of the Sub Ark was given to me. In that time, we have all witnessed on the world news at various periods strange phenomena going on with nature. For instance, flocks of birds literally dropping out of the sky, mass whale stranding, thousands of fish washed up on shores, severe weather patterns, massive forest fires, catastrophic tsunamis, and city leveling earthquakes and satellites spinning out of orbit. Global warming and sea level rising is also part of the end time mix. Signs that will continue to come and intensify as we approach the end.

This is what scientists are predicting today with global warming. If we keep burning fossil fuels with reckless abandon, we will trigger a cloud feedback effect that will add 8°C on top of all the warming up to that point. That means the world could warm by more than 14°C above the pre-industrial level. Needless to say, this would be cataclysmic. For instance, large parts of the tropics would become too hot for warm-blooded animals, including us, to survive. Planting trees, switching from red meat, unplugging the cell phone charger - Symbolic gestures at best. Sadly I don't think any globe-impacting changes are going to be made anytime soon, as long as the world is run by corporations and banks aimed at making profits at the expense of the environment.

The signs of the end are all around us if we care to see. We have entered the time of the end, and the Sign of Yonah will be seen by this generation! Make no mistake about this. *Let all those who hath eyes, see and all those who hath ears, hear...!* A final question begs the mind here. Who will be in the Sub Ark, and what of humanity who are not selected?

Each Sub Ark will be filled to capacity, a population of 12,000 per ship, making a total of 144,000 people as the book of Gilyahna (Revelation) 7:1-10 reveals. These people will be selected by YHWH, the Messiah, who shall lead the mission. The selection will not be based on a fee, a condition, or a favor. No amount of money or political sway will buy a person a ticket on this boat. It will be the right people and seed to restart humanity, and they will be selectively paired and quarantined to ensure that no diseases and genetic defects pass from the Old to the New World. No race, culture, or religion will be favored by the Messiah. No children will be taken on the Sub Ark, but many angels will be born during the passage.

Those who shall remain to face Yom YHWH, Eliyahu, and the Messiah, will prepare and bring peace and understanding so that fear and turmoil will not engulf the planet. There shall be peace with the selection process and acceptance of the candidates worldwide. All men shall understand that the mission is not about a country, a nation, a people, a race, a culture, a religion, or a belief. It is about the posterity of mankind and our responsibility to ensure the survival of millions of species and living

things. There is no glory or profit in this mission; it is a labor of love. Many Corporations and Governments will build similar vessels to survive, and some shall live who carry the seed of Qayin (Cain) in fulfillment of prophecy (Beresheeth (Genesis) 3:15, 9:20-27; Yahoshua (Joshua) 9:22-27) but many shall fail because the Ark of the Covenant and its furnishings will be in the Sub Ark. Eloah will supernaturally protect the boats from many other perils and dangers.

A final word about the Messiah. The Mashiach will be YHWH incarnate- The King, the Prophet, the Righteous Teacher and the Priest in One. He is a human being- a man with ordinary abilities but with an extraordinary relationship with YHWH. He will be from the tribe of Ephraim. A man who knows the Torah of YHWH and understands the principals and teachings of all faiths. He is not a politician, a charismatic leader, or an intellect. Yet He is brilliant, strategic, wise, prophetic, fearless, and unwavering in His mission and goals. What will distinguish Him from other men of faith is that He is a romantic and a lover of Eloah as well as a man of prayer and devotion. A man after Eloah's own heart with the passion and mind of King David. Elohim's favor, visions, provisions, signs, wonders, miracles, blessings, and anointings are with Him. A full scriptural background on the Mashiach is available in our Books; The Kingdom Manifesto and the Breach Maker Series 800.

The project and operation will be managed by NOMANSZONE, a non-profit organization. See [nomnazone.org](http://nomnazone.org). I will oversee the project and manage it through its various construction phases. There will be many specialized people who will join me in this vision. These people are Muslims, Church ministers, Jewish experts, and professional people from all nations. It will take about 12 months to prepare the core and body of people needed to work and operate the construction team. Everything will be professionally fulfilled and completed according to Eloah's righteous standard. The budget I have determined assures the only the best is done.

The substantive donors of this project will have a permanent place on the board of NOMANSZONE, and some of their descendants may be allowed passage on the vessel and not to mention their place in His Kingdom and the glory to come.

**About the author,** Theodore Meredith is a Kohen, Navi, and Roi of NOMANSZONE. He currently lives in Samoa, an island in the South Pacific. Kohen Meredith has been in Christian ministry for more than twenty years and served as a pastor for ten years. He has started many Christian TV and radio stations in the Islands and has planted churches. By background, he is a business entrepreneur and has managed many successful businesses and projects. About twelve years ago, Kohen Meredith was called to be a Hebrew scholar and a Torah teacher, his ongoing occupation. He has authored thirty books.
