

PARADISE ON EARTH. There has never been a point in human history where we did not have the option to live in a paradise similar to the Garden of Eden. We have always had the choice to bring Heaven to Earth. However, our leaders in every civilization choose death over life, wealth over well-being, power over humility, control over freedom, corruption over truth, and weapons over farming implements. The contrasts are many, but they are still all choices. When Elohim removed Adam and Eve from the Garden, the first civilization that emerged repeated the fallen order that created chaos in the Universe. Demigods enticed the fallen sons of Adam to worship them; therefore, they taught them the forbidden practices of war, weaponry, divination, debauchery, alchemist, and so forth. All the while, Elohim watched in horror and grieved that He had created man. Adam knew about the Kingdom of Elohim and its laws, which he entrusted to his son Seth and passed down to Noah and his family. The Blueprint of this marvelous Kingdom was eventually codified into the books of the Torah, and some 300 years later, it was handed to a mighty King named Dawid to implement in Kol Yisra'el. YHWH loved David because he was an extraordinary writer of poems and songs who would elevate the heart of Elohim. Many times, in the desert, as a young lad, he would play and sing to his sheep in the cool of a starry night, and his music would ascend into the throne room of Elohim. The glorious One would often rise to His feet and marvel at his compositions. Dawid was far from what we consider a leader or diplomat today. Do you know what YHWH saw in that humble boy that impressed Him the most? The seed of "His Kingdom." Therefore, Elohim uprooted him from his family of seven brothers, made him King over His people, and promised him an everlasting kingship. Sadly, the great King sinned, and so did his son Solomon. The Kingdom was divided, and her people scattered throughout the Earth, but Elohim never forgot His promise. After 420 years, when Yisra'el had grown into a multitude of peoples, the boy who became the Warrior King was regenerated as Shiloh, the Servant King. In him was hidden the seed of Kingdom, which Elohim long ago promised Moses when He told His servant that Yisra'el shall become a nation of Priests and Kings. Everything Shiloh taught was about the Kingdom of Elohim. His sermons, illustrations, and parables were about this gift of the Kingdom that YHWH has so long desired to give us. The message of the Kingdom can be summed up as Paradise on Earth. Two thousand years have passed, and we still do not get it. It is a choice we must make. We can end the madness, the confusion, the suffering, the pain, and the death now if we make the choice of the Kingdom. It is within the grasp of every human being because YHWH had planted "Eternity" into every living soul. What is this Eternity, the Light of Truth - the Torah of YHWH? The Blueprint of the Kingdom of Elohim was entrusted to Moses. When Yisra'el stood before Elohim at Mt Sinai, YHWH gave them a decision: choose the Kingdom or choose death? Their Fathers replied, 'We and our children shall obey Adonai.' When they did, Eden manifested before their eyes, and hell grabbed them by the heel when they disobeyed. Has anything changed since Mt Sinai? Has Elohim hidden His truth from us? Is it so hard to understand? Do we need teachers to remind us continuously? We may have gotten more innovative, more comfortable, more luxurious, and more enlightened, but to what end? Statistics show that two percent of the world's population owns fifty percent of the wealth of this planet, whereas fifty percent live on two dollars a day. The World Health Organization reports that 34,000 children die every day from poverty and preventable diseases. We live in a world full of wonderful electrical gadgets and technological advancements that are affordable to only 20 percent of the world's population. We are told that, on average, about 1,000 people are murdered every day. About 25,000 people die of starvation or starvation-related diseases every day. Globally, 25% suffer from mental disorders in both developed and developing countries. Families are barely making it through the week, and marriages are on the brink of divorce. The world lives in fear and blight. The threat of wars dominates our news. Guess what? We choose this every time when we reject the offer of the Kingdom of Elohim! Yeshua said, "For it is the Father's good pleasure to give you the Kingdom."
