

PART ONE

**THE FOUR YEARS OF HELL.** To go forward, we need to look backward to understand what just happened in the last four years, lest we forget and build on a "foundation of sand," as Yeshua warned us not to do (Mattityahu (Matthew 7:24-27). Do not be deceived; we are emerging from a period in human history akin to the tribulation. The period from 2021 to 2024 is related to "Yaakov's troubles," a term rooted in Hebrew Scriptures that describes a time of judgment upon humanity. In Christian theology, this period is closely associated with what is called the Great Tribulation. This concept, drawn from the Olivet Discourse in Mattityahu (Matthew) 24 and Luka (Luke) 21, refers to seven years of immense suffering. According to Christian eschatology, those who choose not to follow Yeshua before the "Rapture" are left to endure the wrath of YHWH. Interpretations of this timeline vary, including pre-, mid-, and post-Tribulation views. From a Hebrew perspective, Yaakov's troubles are seen as an ongoing process rather than a strictly defined period. While the Hebrew Scriptures do not specify the duration of this judgment, the numbers 4 and 40 hold significant symbolism, often representing periods of testing and transformation. The term "Yaakov's troubles" is derived from Yirmeyahu (Jeremiah) 30:7: *"Oy! For that day is great, so that none is like it: it is even the time of Yaakov's Trouble..."* In Hebrew understanding, this time relates to the final regathering and restoration of Yisra'el. It is viewed as a period of profound suffering, particularly for the righteous of the Earth. Unbeknownst to many, this period was premeditated by certain factions, often referred to as the Cabal and the Deep State, as a time to advance their agenda aimed at undermining and destroying America, Israel, and the righteous globally. Below is a summary of the main events associated with this era. **THE EVENTS:**

- The 2020 election of President Biden and the Democrat party in 2020 was rigged. It marked the beginning of the global elite's agenda. Similar tactics were employed in other countries, unleashing "hell" upon humanity.
- The COVID-19 pandemic began in 2020; the virus was manufactured in a U.S. lab and deliberately released in China. Official reports estimate 20 million deaths, while some unofficial figures suggest over 50 million fatalities from the virus and vaccine-related complications. The pandemic devastated livelihoods globally, enriching the elite.
- Since 2019, global media was transformed into a propaganda tool for the elites. Bribery, rewards, and threats were used to control key players, leading to the widespread dissemination of fake reporting and news to induce fear and panic.
- In 2022, the Deep State in America initiated a proxy war with Russia in Ukraine, using NATO to orchestrate attacks. The conflict has reportedly caused over 900,000 deaths and forced more than two million people to flee the country.
- The war between Hamas and Israel in 2023 was anticipated by Israel, which planned for the conflict as a response to decades of terrorism against its citizens. The war resulted in over 46,000 deaths. It was supposed to trigger a world war starting in the Middle East.
- The 2023 conflict between Israel and Hezbollah in Lebanon is an extension of the Palestinian war, linked to Israel's strategy to neutralize the nuclear threat of Iran. Over 4,000 people reportedly lost their lives.
- Missile exchanges between Iran and Israel in 2024 escalated world tensions, with Iran targeting military installations and Israel responding with targeted bombings. This conflict is a continuation of the broader Israel Palestinian war.
- Human trafficking and modern slavery reportedly surged after 2020, attributed to organized crime groups controlled by the elites. It is estimated that over 27 million people are trafficked or enslaved annually, many of whom are women and children.

PART TWO

- Abortion is the leading cause of human deaths globally, with approximately 73 million abortions performed each year, equating to 200,000 daily. This is attributed to individuals within the medical profession who are "monsters" working for the elites.
- The polarization of the World into NATO and BRICK countries. China and Russia do not trust the West due to a history of wars and covert operations aimed at destabilizing countries challenging the supremacy of the U.S. dollar. This polarization has brought the world closer to nuclear conflict than ever before.
- Hollywood has fueled panic and fear by hyping up the idea of an alien invasion, which aligns with the elite's ultimate agenda. In 2024, the media has inundated the public with reports of alien crafts, creating the illusion of an impending war with extraterrestrials. However, these crafts are actually created by the Cabal. No advanced alien civilization would seek to invade us.

During this time, the forces of chaos were unleashed upon humanity, and everything that could possibly go wrong did. The elite, in essence, declared a full-scale war on humanity in response to four external threats they perceived as existential and capable of causing their extinction. THE THREATS:

- Climate change leads to global warming.
- Population explosion, resulting in famine and war.
- World enlightenment, threatening the status and control of the Cabal.
- Divine or alien intervention, causing a global catastrophe.

These perceived threats remain their top priority. For many decades leading up to 2020, the Elites met in secret, carefully plotting their agenda after determining they had gathered enough power, authority, resources, and personnel to make it a reality. Unbeknownst to them, YHWH was present, observing their every move (Tehillim (Psalms) 139:7–12). Reflect on verse 12: *"Even in darkness, I cannot hide from you. To you, the night shines as bright as day. Darkness and light are the same to you."* Elohim allowed their plans to unfold as a consequence of our repeated transgressions against the Torah and our cruelty toward the living beings around us. Yet, a new day has come, and Racham (Mercy) has been extended to us because of the righteous who perished in these events and the intercession of the saints — evidenced by the change in leadership in America and other places yet to come. But we are not entirely out of danger; much work still lies ahead. We must now reflect on the lessons of these past four years—numerous lessons we cannot afford to forget and allow to be repeated. It is important to understand that not all of humanity was complicit in these transgressions; only a portion chose to follow the madness, but that was enough to alter the course. However, humanity has a tendency to forget the lessons of history, which causes them to repeat the same mistakes. THE LESSONS:

- Part of humanity turned away from the one true Elohim.
- Part of humanity wanted CERN to prove that a Creator does not exist.
- Part of humanity wanted the kingdom of darkness to rule the Earth.
- Part of humanity wanted human beings to be phased out.
- Part of humanity wanted the Word of YHWH removed from schools and public institutions.

- Part of humanity accepted the elites' bribes, promotions, and comforts.
- Part of humanity lured the masses into a deep sleep.
- Part of humanity chooses to accept lies and deception instead of the self-evident truth.

PART THREE

- Part of humanity allowed wicked alliances and agencies to orchestrate conflicts to pit nations and peoples against each other.
- Part of humanity allowed extremism to take root in political and religious hierarchies.
- Part of humanity allowed Israel, America, and other nations to be infiltrated by terrorist organizations.
- Part of humanity permitted religion to divide humanity into camps of intolerance, hatred, and bigotry.

- Part of humanity allowed rulers/sovereigns the freedom to amass unregulated wealth and property.
- Part of humanity allowed the superrich to control lands, assets, inventions, and knowledge that belong to all humanity.
- Part of humanity permitted rogue organizations and institutions to attack the foundation of human life—the family.
- Part of humanity permitted evil lords to poison our streets with drugs.
- Part of humanity allowed evil lords to traffic millions of people, especially women and children.
- Part of humanity allowed agents of death to murder our children, even in the womb.
- Part of humanity allowed corrupt corporations to poison our food supply with harmful chemicals.
- Part of humanity allowed corrupt corporations to modify Earth's seeds and patent them genetically.
- Part of humanity allowed corrupt corporations to poison the air we breathe with outdated, harmful technologies.
- Part of humanity permitted corrupt corporations to provide us with ineffective medicines while withholding natural cures.
- Part of humanity permitted corrupt corporations to turn the internet into a breeding ground for perversion, manipulation, and lies.
- Part of humanity ceded their morality to indulge in the pleasures of lust and debauchery.
- Part of humanity allowed AI to grow unregulated, posing a threat to future generations.
- Part of humanity decided living on Mars or the Moon was more important than caring for the Earth.
- A large part of humanity is still asleep!

I am reminded of the Scripture: *"Therefore He said, Awake you that sleep, and arise from the dead, and Moshiah shall give you Light."* (Ephsiah (Ephesians) 5:14). Why? Because the Light of Moshiah has come: *"Arise, shine; for your Light has come, and the tifereth of YHWH has risen upon you."* (Yeshayahu (Isaiah) 60:1). The philosopher John Stuart Mill aptly described the challenges of our times with these

words: "The only thing necessary for the triumph of evil is for good men to do nothing." Let us rise to the challenge and align ourselves with the divine Plan of Heaven. Below is a call to action—a guide for humanity to respond rightly. This list is not exhaustive, but it lays a foundation for our collective mission. THE MISSION:

You may ask why Elohim does not send His malakim to fix everything. The answer is sobering: YHWH can intervene, and He has done so through angels in the history of Yisra'el. However, the consequences today would be formidable. If the malakim were to come, they would not differentiate between men, women, and children of the wicked and their property. They would execute judgment indiscriminately. In the end, we would be left with a world devoid of choice, where the fear of immediate justice suppresses free will. Such a world would lack the essence of true moral decision-making. The task of choosing righteousness is ours, guided by faith, prayer, and action. Though we may be emerging from a state of despair, let us remain vigilant—those responsible for the chaos have not ceased their efforts.
